

# Burns and scalds:

## Don't ignore the burning issue!

To ensure the safety of all staff at BCLM, there are steps we can all take to make certain we all stay safe when we, or those around us, are cooking or working with fire and heat.

**Be aware  
and stay  
safe**

### Wear suitable clothing

Ensure you wear suitable gloves and long sleeves as appropriate.

### Take your time

Do not rush any task involving heat.

### Be mindful of what others are doing

Don't distract those handling hot objects or working with fire.

### Be vigilant

Follow risk assessments and report any concerns to your manager.

### See it, report it

Report any accidents immediately so that first aid can be provided.

---

## SAFE TOGETHER AT BCLM
